**SECTION ONE:** Section 929.03 of the Codified Ordinances is amended to read as follows:

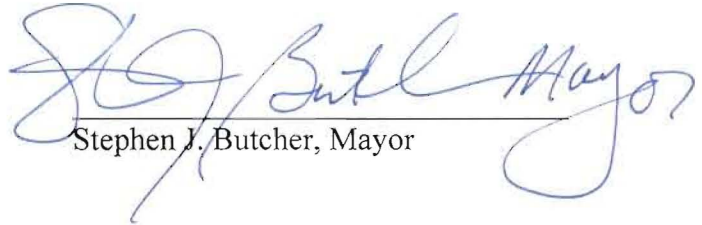

*The City Administrator is hereby authorized and directed to amend the system capacity charges to be paid whenever an application is made for a connection permit to an existing sanitary sewer or water service to a structure whenever such property is or may be proximate to any sanitary sewer or water service built by or under the supervision and direction of the City. If such proximity is established as a consequence of improvements or extensions to the City system which included property assessments, the Administrator shall include an equivalent assessment as a component of connection in addition to any capacity charges. If assessments are so levied, the parcel owner wishing to connect would pay an assessment based upon the benefit to the parcel, in the same manner and equivalent apportionment as those originally assessed properties paid in addition to any capacity charges. Proximity is established as set forth in Section 921.02(d) of the Codified Ordinances.*

**SECTION TWO.** This Ordinance shall take effect at the earliest time provided by the laws of the State of Ohio and the Charter of the City of Pataskala.
